

*The best thing about J-Tech is I can make one phone call to you and get all the information I need to purchase, service or troubleshoot problems with our drives. Thanks for all of your help throughout the year.*

*- Eric A. Wittenborn  
Chicago Carbon Co.*

*Thank you so much for installing the Braner Slitting Line at our facility in Fontana CA. Our expectations were exceeded by your performance. Your knowledge and support have solved all our problems in a timely fashion. Thanks for never letting us down... especially in emergency situations.*

## Custom Panels/Integration

Joliet Technologies engineers, integrates, and custom packages **AC Variable Frequency Drives** (VFD), **DC Variable Speed Drives** (VSD) and **AC Drive Controllers** using top of the line manufacturers like ABB, Yaskawa, Siemens, WEG, and Fuji, to name a few. Our custom drive packages are built to your specifications for your application.

- **Engineering: On-staff electrical designers & experienced shop technicians** work with clients to define and address your needs.
- **Documentation: Full CAD capabilities** for complete drawings. Other project-specific documents (schedules, programming, compliance, etc.) also available.
- **Production: UL508A/cUL508A certified.** ISO9001based QA Program governs all work.
- **Testing: Complete functional testing** of all custom-built panels in-house. Specialized test protocols and testing available to suit.

## Manufacturers We Source

### Drives—AC LV & MV, DC

### Legacy Drive Replacements

### Reduced Voltage Starters

### Encoders/Tachs/Resolvers

### Motors, Controls, PLCs, Components

## Field Service/Repair

- Service techs on call 24/7
- Extensive retrofit/repair experience
- Start-up & commissioning of stand-alone and integrated systems
- Decades of AC & DC experience across a wide spectrum of industries
- Competitive rates

## Technical Support & Information

Need help **defining your motor control needs**? Is your line down and **downtime killing you**? Or do you just need some **insight or technical documentation**? We're here for you whenever you need us, and our **website** is chock-full of drive-related and application specific information.

**Check us out today!**
